AVIAN FAMILY-GROUP NAMES

The Standing Committee on Ornithological Nomenclature of the International Ornithological Committee has prepared a list of established names of avian family-group taxa (superfamilies to tribes) and their synonyms as the first step in process of writing an application to the International Commission on Zoological Nomenclature to stabilize usage of these names. The SCON wishes to obtain input from all interested ornithologists on this list and its proposed application to the ICZN. The list is available to all interested ornithologists who are willing to examine it carefully and provide the SCON with corrections, additions, comments and suggestions. This list of avian family-group names is unofficial and should not be used for any purposes other than that just mentioned. Copies of the list may be obtained by writing to Professor Walter J. Bock, Chairperson SCON, Department of Biological Sciences, Columbia University, New York, NY 10026, USA.

SCOPUS: 10 (3/4): Sep/Dec 1986

The contents of the latest issue of our sister journal

D.J. PEARSON and D.A. TURNER. The less common Palearctic migrant birds of Uganda	61
