ornithologists at Beni Abbes. They arrived in Britain on 17th May, where they are taking a well-earned rest before emigrating to Australia. A report on their ornithological observations will appear in this journal.

Proposed Expedition to the Cameroons. It is proposed to make an ornithological expedition to Mt. Cameroun and the Cameroun highlands for a period of three weeks from about 27th December, 1966. The primary object will be to collect birds by mist-netting, half the time being spent in forest on Mt Cameroun, and half in forest at a selected site probably on the Bamenda-Nkambe ring road.

The party will probably consist of C.H.Fry and J.G.E. Lewis from Zaria, and J.Button, C.Wood-Robinson and D.R. Wells from Ilaro and Ibadan. They will travel with assistants in a minimum of two Land-Rovers. Without prejudice to the eventual composition of the expedition, any other ornithologists who would like to participate are asked to contact C.H.Fry, A.B.U., Zaria or (July to September inclusive ) 34, Seacroft Esplanade, Skegness, Lincs, U.K. However any additional expeditioners, although very welcome, will almost certainly be asked to provide their own transport!

Editorial Address. Please note that from July to September inclusive, the Editor will be on leave at
