EDITORIAL.

I am always pleased when I receive manuscripts from countries in West Africa other than Nigeria, so it is with great pleasure that I note that this Bulletin is almost entirely devoted to the birds of other countries within our area.

In the next Bulletin (28) it is hoped to complete the two Ghanaian papers with the notes on the passerine birds of the Mole Game Reserve by Messrs. Harvey and Harrison, and Mr. Sutton's notes on the birds of northern Ghana.

We also hope to publish a review of the very recently released book by Mrs. P.B.Hall - Atlas of Speciation in African Passerine Birds.

Finally I would like to take this opportunity of welcoming back two members whom we thought we had lost from the "west coast". John Button who is now teaching in Maiduguri, Northern Nigeria and Frank Walsh who will be arriving soon to take up a post in northern Ghana.

Roy H. Parker.
