EDITORIAL

I have now found a suitable typist to prepare the stencils for the Bulletin, but there will be the inevitable "teething troubles" caused by the change over. I hope, therefore, that members will excuse any major errors that may appear in the next couple of issues.

We intend, in the very near future, to start the long awaited task of reprinting the first three volumes (1964-66) of the Bulletin. It is envisaged that these will be sold as complete volumes. However, a few separate issues will be produced although these will not have a contents page attached. Any persons interested in purchasing copies of these reprinted volumes should send their orders to either me or Mr. R.E. Sharland, whose address can be found in this issue.

Additional copies of C.M.N. White's Check List of African Birds 1960-65, have now been made available and can be ordered through Mr. R.J. Dowsett, P.O. Box 12, Monze, Zambia.

Finally, for those people who have not yet seen it, D.I.M. Wallace has produced a calendar for 1971 depicting West African birds. It is available in most large bookshops throughout the country. However, members who have difficulty in obtaining it can write direct to Mr. Wallace at P.O. Box 545, Lagos, Nigeria.

Roy H. Parker.
